RESEARCH & PROJECTS

Rivalytics – Published Honors Thesis, *Barton Journal* | 2026

- Designed and ran a 134-respondent survey comparing Nike and Adidas brand perception and loyalty, benchmarked against industry data, with results presented on a dedicated website built with Wix.
- Found that audience perception diverged from global trends; for example, 71.6% did not link Adidas with sustainability. Identified 3 consumer segments: performance-, fashion- and quality-driven buyers.

AI & No-Code Projects | 2026

- Prototyped a confidential consumer app with Lovable and Claude, and launched a bilingual landing page with email verification and waitlist on GitHub Pages.
- Manage projects and streamline workflows with Claude connected to GitHub and Notion, plus Make automations.
